POLICE UNABLE TO TELL WHO FIRED SHOT THAT CAUSED DEATH OF FREDERICK SCHEEL.

Heavy dotted lines show the route taken by Beck and the crowd which followed him from the polling place to where Scheel fell.

Law School, at No. 1417 Locust street, from which he was graduated last spring. Beck was a Republican judge at the registration booth, and the shooting that caused Scheel's death resulted from his challenge of three men, who desired to register, giving Jefferson Hotel as their place of residence.

Beck is under arrest, as is George Bowman of No. 1400 Washington avenue, who, the police have reason to believe, may be able to give information and to the identity of the man who fired the

Several men entered the booth at Fourteenth and St. Charles streets, in the paint shop of J. D. Stevens, and registered, giving their residence as the Jefferson Ho-tel. Beck doubted their statements, and, after several questions, requested one of the men to accompany him to the hotel to verify them,

It is reported that at least eleven men followed Beck into the street.

When Beck drew his pistol four of the men in the crowd also drew revolvers and dared him to shoot. Instead Beck ran up Pourteenth street to Locust and turned west, with the four men in close pursuit. Those who heard the shooting say one shot was fired first, seemingly near the corner, and that when the men had reached a place in front of the Crawford

Theater, five or six more were fired. One of these struck and killed Scheel. Scheel, it is supposed, was returning to the school to talk over an examination

which he was about to take, with his old instructor, William S. Curtis, dean of the law school. He heard the shot behind him and, turning ti learn the cause, was struck by two bullets. One bullet entered the right breast, pen-

etrating the lung, and a second passed through his right arm. He walked fifty feet to the gate in front of the law school before he fell. As he reached the gate he called for help, and two men, one of them an old classmate, ran to his assistance, carrying him up on the steps.

Doctor U. S. Boone, No. 303 North

Fourteenth street, was summoned, and when he arrived, pronounced Scheel be-yond any aid. He was taken to the City Hospital, where the body is being held pending the Coroner's inquest.

G. H. Harden, No. 1420 Locust street who claims to be an eyewitness, said yesterday that it was a large man standing in the middle of Locust street who fired the shot which struck Scheel. He said that he saw Beck running west on Locust street and a few yards behind him came four other men, armed. Scheel was standing between Beck and his pursuers when the big man raised his weapon and fired two

Don Stewart of the Crawford Theater and, going to the door of his office, which opens onto Locust street, saw four men with revolvers firing at a fifth man who was running west. As he saw no one fall he believed the cartridges were blanks. He saw the men empty their weapons and

Lindsey Kendrick, No. 1517 Washington avenue, a newsboy, claims to have seen the whole affair. He stated that Beck had run up Fourteenth street and west on Locust with four men atter him, each armed with a revolver. Beck is a horseshoer, and it is said he was a nonunion workman. Mrs. Julia Krigbaum, at whose home he lived, stated that Beck remarked at lunch time that he needed a "gun," as there might be trouble at the pollis.

JAPANESE WOMAN

ORDERED TO THE WAR. St. Petersburg, Sept. 3t 2:15 a. m -There is a story affoat that a sudden call has been issued to officers of the guard regiments, stationed at St. Petersburg, to report for service at the front.

According to report the order directs that eight out of a total of fifty-six officers of each regiment should be chosen by lot and drafted to serve with regiments now in the far East.
It is stated that the order has aroused

great discontent. Whole regiments are anxious to go to the theater of war, but Motorman Mathews Applied the the officers intensely dislike the prospect of the organization being split up. It is that the wearing out of guns is causing impossible at this time to obtain authoritative confirmation or denial of the report. If true, this action is probably one of

the first steps toward carrying out the Emperor's decision to form a second Man-churian army. It will be formed of the corps which are being sent to the far East, and Lieutenant General Linevitch years old, who was the teacher of danc- probably will be given the command of ing for the Geisha girls in Fair Japan en the second army. EXPECT NO DECISIVE

FIGHTING AT MUKDEN. While still insisting that General Kuropatkin has sufficient troops at Mukden to contest the Japanese advance, the War Office admits that it is not likely that a decisive battle will be fought there. It is officially denied that heavy fighting has occurred there. Everything goes to show that the main Russian position is now at Tie Pass, flanked by hills running out on

Official reports to the War Office are to any further move toward Mukden until September 17, when reconnoissances in ing at Yental and Bentsiaputze. No Japaneso have been discovered east of the latter point. •
The reconnoissances, General Kuropat-

kin says, were brilliantly carried out by Generals, Samsonoff's and Rennenkampf's Cossack brigades, with a mixed detachment of infantry and artillery, under Rennen-kampf's personal command. They captured a village north of Bentsiaputze, which was used as a pivot.

The Russians drew off later, losing a few men killed or wounded, after securing val-uable information regarding the Japanese strength and position.

A couple of days earlier General Mits-chenko's detachment of Cossacks reconnoitered toward Yental at the cost of a few score wounded, as reported in the Associ ated Press dispatch from Mukden, September 16. OFFICERS AND MEN
